BACKGROUND AND EXPERIENCE

Please briefly present the partner organisation.

Sport Evolution Alliance (SEA) is a Portuguese non-governmental organisation formed in the Lisbon Metropolitan Region at the initiative of a group of sports managers with significant experience in managing and implementing European grants.

We provide services seeking differentiating intervention and advanced solutions for developing policies in the field of health, education and culture, with a particular focus on sport.

Sport Evolution Alliance assumes the following mission, vision and values:

Mission - Contribute to the development of the community through the connection, assistance and application of initiatives associated with sport.

Vision - Become a European reference in the field of EU Fundings in the sport area, promoting the most innovative communitarian trends locally.

Values -

- **Sustainability** - Sport Evolution Alliance believes that only through sustainability solutions we will introduce the necessary changes.
- **Excellence** - Sport Evolution Alliance seeks excellence, promoting the overcoming of the realities in which it intervenes.
- **Ambition** - Sport Evolution Alliance is driven by the constant ambition to practice and generate social development.

Sport Evolution Alliance main activities are sport management, project planning and control, courses and training, education and sport programs, market studies, consultancy in the areas of sport, data analysis and treatment, and sport events.

We are also members of the International Sport and Culture Association - ISCA.

What are the activities and experience of the organisation in the areas relevant for this application?

Sport Evolution Alliance brings innovation, knowledge and access to the most relevant stakeholders, groups and public bodies in Portugal. Our experience allows us to make a significant impact on each project we are involved in.

Sport Evolution Alliance is capable of working in different areas and contexts in the field of sport. The diversity of experiences and backgrounds of the team's experts is an added value for our performance.

Sport Evolution Alliance team combines highly specialised experts in the field of Project Management, Monitoring and Implementation, Research, Marketing and Dissemination, with a worldwide network of sport stakeholders.

What are the skills and expertise of key staff/persons involved in this application?

Rui Vieira is a Expert in sports management and European project coordination, with a proven track record of delivering impactful initiatives in the field of sport.

As the Director of Sport Evolution Alliance (SEA), has successfully spearheaded numerous projects funded by the European Union, positioning SEA as a prominent organization in the European sports ecosystem.

Invited professor at the Piaget Institute in Almada, where he teaches Pedagogy and Didactics of Physical Education and Sport in the Master's Degree in Education and responsible the Combat Sports class in the Physical Education Degree program.

He served as the Performance Director of the Portuguese Judo Federation, contributing to the team's success at the Rio de Janeiro Olympics. He also held roles as Performance Director for the Saudi Arabia Judo Federation and as a Technical Adviser for the Saudi Arabia Olympic Committee, supporting the development of sports performance in the region.

Tiago Ribeiro is a founding partner and Audit Committee member of Sport Evolution Alliance. Researcher with experience in the sport management field and, in particular, on national and international sport events. Areas of expertise are social and educational capital, impacts and legacies through major sport events and video gaming environments. He's also an expert in statistical modelling and latent growth. Ph.D. in Sport Management and Assistant Professor at the University of Lisbon (PT). He was also local coordinator of the GOAL International Master (co-funded by EU) and main Coordinator at the LAENOG Project (co-funded by EU). In total, Tiago has more than 30 published articles, 3 books, 10 books and 1 registered patent.

Currently, Tiago was awarded the 2024 Sports Sciences Award (co-funded by COP) and the 2022 honorable mention (by Millenium BCP-COP). He is also member of the Portuguese Olympic Academy (AOP), Portuguese Sport Management Association (APOGESD), Centre for Tourism, Sustainability and Well-being (CinTurs), and Editorial Advisory Board from the Event Management Journal (EUA).

Nuno Dias is a founding partner and Vice President of the General Assembly of Sport Evolution Alliance. With a rich background in marketing, communication, and project dissemination, Nuno brings a unique blend of skills to the table. He is currently pursuing his PhD in Sport and Physical Education, further deepening his knowledge in the field.

In the midst of his academic pursuits, Nuno stands as a seasoned coach specializing in karate, judo, and jiu-jitsu. His journey in sports is not just limited to coaching and research. As a former high-performance karate player, he made Portugal proud by securing the country's first medal in combat competition at the European Championships.

Nuno's areas of expertise encompass Dual Career, Sustainability, Social Inclusion, and Gender Equality in sports, as well as Media Portrayal. He is passionate about promoting regular physical activity. Additionally, he contributes as a researcher at CIDEFES, the research center of the Faculty of Physical Education and Sport at Universidade Lusófona.

Beyond his sporting and academic achievements, Nuno is a licensed professional journalist and has built a global network of stakeholders over the years. His diverse experiences and accomplishments make him a dynamic figure in the world of sports and beyond.

Thiago Santos is a founding partner and President of the Audit Committee of Sport Evolution Alliance. He is a researcher with vast experience in sport management, mainly managing national and international sport programs, including Erasmus + Sport projects, such as "Good Governance Needs to Access and Inclusion" and "EMPLOYS". His areas of expertise are management, governance, and consumer behaviour in sports organisations. Thiago is also an expert in multifactorial research methods, validation of scales and qualitative research.

He holds a Ph.D. in Sport Management, and he has successfully completed the Post-doctorate in Physical Education at the Federal University of Paraná, Brazil.

Thiago Santos is an Assistant Professor at the Europeia University in Lisbon. Previously he was an Invited Assistant Professor at Faculty of Human Kinetics, University of Lisbon and Leading Researcher at the Federal University of Paraná, Brazil. He has co-authored two books and received an honourable mention from the Portuguese Olympic Committee and the Millennium BCP Foundation. He is a member and former president of the Brazilian Association for Sport Management.

Luiz Haas is a founding partner and President of the General Assembly of Sport Evolution Alliance. Researcher with vast experience in sport management, mainly managing national and international sport programs, including Erasmus + Sport

projects, such as “EMPLOYS”. Areas of expertise are management and governance of sport organisations and social responsibility.

Master’s degree in Sport Management and currently he is a Ph.D. student in the Sociology and Sport Management Program at the Faculty of Human Kinetics, University of Lisbon.

Assistant Professor at Europeia University in Lisbon, and also a consultant in Sport Governance. He has recently worked at the Brazilian research group of the National Sports Governance Observer. He has organised many congresses and seminars regarding sport management and he is a member and former president of the Brazilian Association for Sport Management.

Priscila Marconcin is a researcher in the field of Exercise and Health, focusing on changes related to the aging process, physical exercise, and health. She has numerous publications in peer-reviewed indexed journals.

She holds a Ph.D. in Physical Activity and Health, from the Faculty of Human Kinetics, at the University of Lisbon. Additionally, she completed a post-doctoral research project on “Mental health, physical activity, and health behaviors among European adults and older adults: the survey of Health, Ageing and Retirement in Europe (SHARE)”.

Priscila is actively involved in the European Physical Activity Guidelines to Tackle Depressive Symptoms (EUPAG-DS) project, funded by the Erasmus+ program. She is the founder and current coordinator of the community program PLENO, which has been serving individuals with knee osteoarthritis since 2015.

Currently, she serves as the coordinator of the Master’s program in Exercise and Health at the Piaget Institute in Almada. Furthermore, she holds the position of Assistant Professor in the Bachelor’s program in Physical Education and Sports at the Piaget Institute in Almada, as well as Assistant Professor in the Master’s program in Physical Activity and Health at the Polytechnic Institute of Beja.

Priscila is a member of the Interdisciplinary Centre for the Study of Human Performance (CIPER) and contributes as a researcher at the Faculty of Health Sciences, Universidad Autónoma de Chile.

Leonardo Cunha is partner and Project Manager at Sport Evolution Alliance. He has been working for about a decade with human development projects, especially applied to the areas of Youth, Sports, Branding, Olympism and Social Entrepreneurship in the Cabo Verde market and Portuguese-speaking countries.

He is one of the world's Leading Experts on the usage of Olympic Solidarity funds, a renowned Internacional Speaker, and a Master Facilitator. In addition to being a professional trainer, he was also a guest professor in the master's degree in Sports Management held at the University of Cabo Verde, a lecturer at the Intercontinental University of Cabo Verde – UNICA, in the degree in Sports Sciences.

Since 2022, Leonardo Cunha has also served as Executive Director of ACOLOP – Association of Portuguese-speaking Olympic Committees, in addition to being Project Manager of SEA – Sport Evolution Alliance and Manager of the Club Licensing Department of the Cabo Verdean Football Federation.

Leonardo Cunha has followed a continuous training in business and project management, always with the mission of promoting the achievement of the Millennium Sustainable Development Goals.

Inês Caetano is a partner and Project Manager at Sport Evolution Alliance. She is responsible for the idealisation of the entire concept and the respective strategic planning and development of the programs developed within the scope of skills transfer, as well as in the field of mental health prevention.

She has a degree in physical education and sport with a specialisation in the field of sports training. She has an executive master's degree in sports management and marketing.

She was a visiting professor at the Federal University of Rio de Janeiro, where she was also part of the organisation of major sporting events such as the Military World Games and the FIFA World Cup, where she led great teams. She is a former Modern Pentathlon athlete and former Rugby player, a sport to which she was equally dedicated as a coach. She is a teaching assistant at NOVA SBE.

Katja Prodan is a partner and Project Manager of Sport Evolution Alliance. As a Project Manager, she has demonstrated exceptional skills in managing and coordinating European projects, especially those under the Erasmus+ Programme. Her role involves writing proposals, managing project teams, and ensuring effective monitoring and reporting. This experience underscores her adeptness in handling complex projects in the sports and education domains.

She holds a bachelor's degree from the Faculty of Education in Ljubljana. She has expanded her expertise with specialised training in sports and health, including certifications as a Judo Coach from the Slovenian Judo Federation, a Trainer for Sports Activities for Preschool Children from the Faculty of Sport Ljubljana, and a Trainer for Safe Pregnancy Programs from the Association of Physiotherapists of

Slovenia. In 2021, she enhanced her project management skills with a Certificate from the Zavod Ypsilon Project Management Academy.

Currently, Katja takes part as the Education Commissioner in the European Judo Union, the continental judo federation. She is also a member of the Tender Commission and Gender Equality Commission at the Slovenian Judo Federation.

Juliane Robra is a partner at Sport Evolution Alliance, with expertise in sport innovation, management, and development. Her diverse education includes the Australian Sport Technology Pre-Accelerator Program, Innosuisse Business Growth Courses, and qualifications in sports policy and management from UNIL-IDHEAP.

An Olympian in Judo at the London 2012 Olympics with a career-high World Ranking of 6th, Juliane has earned multiple international podiums, including at Grand Slams, Grand Prix, and European Championships. Since 2016, she has worked in sport and physical activity management and she also serves as Vice-President and Gender Equity Responsible of the Swiss Judo Federation and General Secretary of the Swiss Sports Services Association.

Juliane is passionate about promoting sport and physical activity as pathways to individual and community growth. She focuses on sustainable development, equitable access to resources, and fostering impactful partnerships between public and private organisations. Her vision is to inspire active living and create a legacy of inclusivity and sustainability for her son and future generations.

Sofie Smismans is a partner at Sport Evolution Alliance with expertise in sport management, sport psychology, and sport sociology. She holds a PhD in Movement and Sport Sciences and a Master's in Management. Since 2017, she has been a researcher and lecturer at the Vrije Universiteit Brussel, coordinating European projects like Erasmus+ Sport and IOC initiatives.

Sofie teaches courses on sport policy and management. Passionate about sport, particularly football (soccer), her interests focus on leveraging sport for societal outcomes such as inclusion, gender equality, employability, and skill development.

Has the partner organisation participated in a European Union granted project in the 4 years preceding this application?

Yes
